

Job title: **Communication Intern**
Contract: Internship
Worktime: Fulltime
Workplace: Puzol, Valencia
Start date: Immediate

Your role highlights – your responsibilities

The Communication area is a very dynamic department, where the willingness to communicate in Spanish, English and German is essential. As an intern (m/f/d) you will support the department mainly with **translation tasks**, writing **articles**, **prepare posts for social media & internal communication app**, as well as **communication with the press**.

At any time, we count on your independence, your sense of responsibility and the contribution of your own ideas and suggestions.

Skills & Knowledges

- You are a **languages enthusiast** and have good English and Spanish skills, as well as German at a native level.
- Each additional foreign language is a plus
- You are **creative**, eloquent, and **communicative**
- You are open minded, work independently and enjoy working in a team
- You can sign an **internship contract** through your university or scholarship
- Preferably you already have experience in translation and communication
- You have very good knowledge of Microsoft Office and are preferably familiar with other programs such as WordPress and/or social networks.

Become SanLucarian - What's in for you?

Your internship will be accompanied by a **tutor** responsible for your professional training and by a supervisor of internships for the organization in general. You will also receive a personalized training plan and we **regularly** carry out an evaluation session in which we intend to carry out a personalized follow-up. In addition, we remunerate your activity **monthly with 600€** gross. At the end of your stay we will give you a training **certificate**, including the evaluation. Of course, we can also offer you lots of sunshine, fresh fruits and plenty of opportunities to join our **multi-cultural team**.

Please send us your CV and a short cover letter, addressed to Iris Rechanger using the form on our website. (<https://bit.ly/2q5FapM>)
